

## Safe Practices When Using Face Masks On Site

### Wash hands first

Always make sure you wash your hands thoroughly before and after touching a mask.

### Masks

There are many different kinds of masks, depending on the task.

### The right side

There is a metal clip at the top of the mask.

### Placement

Place the metal clip across the top of your nose.

### Attach the mask

Attach the mask by pulling the elastic bands over your ears.

### Stretch down

Stretch the mask down, so that it covers your chin.

### Adjust

Bend the metal clip around your nose so that it sits securely.

### Taking off the mask

Pull the elastic bands away from your ears.

### Disposal

Always place the used mask in a closed rubbish bin for secure disposal.
