

POST-PRODUCTION DEPARTMENT COVID-19 GUIDELINES

LEVEL 2

Wednesday 19th August 2020

General Covid-19 Guidelines for ALL CREW to follow:

Before you work:

- All crew **MUST** fill in a Covid-19 Self Declaration.
- If you, or someone you live with or have close contact with, become unwell you must notify production immediately and **do not come to work**.
- If you or someone you are in regular close contact have a serious health condition or compromised immunity, please consider this before accepting work.
- Maintain high hygiene practices also away from work. And whenever practicable, please follow Government physical distancing guidelines.

Sanitation is key:

- Wash/sanitise your hands regularly, particularly when entering or exiting a work site
- Cough or sneeze into your elbow
- Make sure you have (or are given access to) all necessary PPE and hand/equipment/workspace sanitisers or cleaning products.
- **Masks (or face coverings) is now a Government recommendation. All crew are encouraged to wear a mask (or face covering) at Level 2.**
- Do NOT touch other department's equipment.

Contact Tracing:

- **All NZ businesses are now required to use the Government Tracer App (or a similar digital sign-in system). Every work site, office or location will need to have this ability.**
- Make sure you adhere to the production's strict sign-in/sign-out procedures
- Keep a note of who you see and where you go outside of work

Physical distancing:

- Keep team sizes as small as possible
- Identify YOUR work bubble and limit any interactions between other departments, suppliers or other work bubbles who may be on the same location as you.
- Consider split shifts and/or creating separated work-zones for each bubble
- Work from home if at all possible

Catering & Unit:

- No self-serve catering or unit at Level 2.
- Pre-packaged food only. Or contactless buffet (catering staff serving up).
- Unit should be "café-style". Or individual snack packages can be prepared and handed out.

BE KIND! LOOK AFTER EACH OTHER!

Controlled, Uncontrolled or Close Proximity Environment under Level 2:

- In a **Controlled Environment** (*available hand sanitiser/PP, and cleaning and crew health screening and contact tracing procedures in place*) the minimum separation is 1 metre between people so far as reasonably practicable.
- In an **Uncontrolled Environment** (*public spaces and shops, etc.*) the minimum separation is 2 metre between people so far as reasonably practicable.
- **A Close Proximity Environment** involves close personal contact that results in workers not being able to maintain 1 metre physical distancing, i.e. Make-up Artist and Cast. Close Proximity Bubbles must follow specific ScreenSafe guidelines. Please make sure you engage into a discussion with production and other relevant departments about this and that all recommendations are adhered to.

Location and Studio Work:

- There are no restrictions on the amount of people on a work site, but physical space and ventilation vs. number of people on site must be considered, particularly for interior locations. (Exposure to the virus over time is a key factor for virus transmission.)
- Filming in public places, like public parks, will be possible, but there may be restrictions to what councils will allow. Please talk to your local council well ahead of time.
- Every production **MUST** register with ScreenSafe and have site specific Level 2 Covid-19 plans in place. (*Note: councils will not issue filming permits without this*).

Crew and Cast Travel:

- Ride-sharing is not recommended, but is possible if physical distancing is maintained. A face mask or covering is also recommended.

Travel to/from Hot-Spots:

- You are only allowed to travel to or from a hot-spot if you are returning to your place of residence OR if you're an essential worker.
- Physical distancing and mask wearing is recommended for public transport and flights.

BE KIND! LOOK AFTER EACH OTHER!

Department Specific Guidance as of 19th August 2020

POST-PRODUCTION - Level 2

Introduction to Department undertakings:

- Pre-Production tasks – remote
- Pre-Production tasks – in office
- Pre-Production tasks – site/location recce
- Management and coordination of project, team and equipment
- Liaison with Director and other departments in regard to creative and logistical requirements
- Liaising with production in regard to rushes procedures, etc.
- On-site VFX supervision
- Interaction with cast for audio sessions, 3D scanning, etc.

Required Physical Distancing Requirements:

- The general rule of 2 metres apply at all times.
- If in a Controlled Environment, 1 metre physical distancing is allowed
- No close contact less than 1m permitted unless essential AND you have been approved to be part of a Close Proximity Bubble.
- Creation of Close Proximity Bubbles must be done in consultation with Production, Cast, Health & Safety and other applicable departments. It is unlikely that post-production crew will be required to be part of a Close Proximity Bubble.
- There are no provisions available for any worker to engage with members of the general public within 2 metres.

Contact Tracing:

- A Government Tracer App QR-code poster (or similar digital tracing system) must be displayed at all work sites.
- All crew must sign-in when arriving and out when departing the post-production facility and/or worksite
- Ideally this process needs to be contactless so you should consider using electronic systems if practicable.
- Contactless points of entry into site is preferred.
- All entry and exit points should be controlled and monitored.
- All workers should keep a log of non-worksites locations (i.e. stores, etc.) and interactions (meeting suppliers, location owners, etc.) they have during working hours.
- All workers are recommended to keep note of their interactions outside of work hours (whilst on a job).
- All crew or approved site visitors must sign a Covid-19 Declaration before starting work or visiting a work site.

Department Bubbles:

- Off Set Post-Production bubble (remote preparation)
- Off Set Post-Production bubble (post-production facility preparation)
- On Set Post-Production Department bubble (Unit/Tech base only)
- On Set Post-Production Department bubble (Unit/Tech base AND on Set)
- On Set Post-Production HOD/Department Liaison bubble
- Off Set Post-Production bubble

Department Specific Guidance

Post-Production workers should be aware of, and trained to work under, the specific alert level in operation prior to commencing work, including the correct use of PPE.

- Post-Production workers to work remotely as far as practicable.
- Post-Production / inter-departmental meetings to be via remote link as far as practicable.
- Physical production meetings to be carried out with physical distancing of 1 meter. If possible, particularly if in a confined space, a 10 person limit is recommended. Face masks (or coverings) is recommended and should be available.
- Physical distancing of two metres wherever possible between work-stations in Production Office if work cannot be done remotely.
- Office crew to be split into smaller work groups/bubbles if practicable.
- Liaise with Production and Health & Safety in regards to contact tracing, PPE and hand/workspace/equipment sanitiser requirements for your department
- *For larger productions, a specific Post-Production Role may need to be created to document, administer and track all of the contact tracing, PPE and hand/workspace/equipment sanitiser requirements for your department.*
- *Post-Production Department crew charged with collecting and sorting Crew Declarations and other personal data should be adequately briefed on the Privacy Act and the need for confidentiality and secure storage of such info.*
- On set and off set bubbles to be maintained wherever practicable.

Personal Hygiene Requirements and Measures

- Any worker who feels unwell must not come to work, if unwell at work they must go home.
- If a worker displays any of the symptoms of COVID 19, please call Healthline immediately (0800 358 5453) or your doctor. Production and the Health & Safety Departments must also be notified. And all close contact workers to be identified.
- If a person or persons are confirmed or probable cases of COVID 19, site closure(s) should be considered. This decision should be made on the advice of a public health officials based on information on the extent of the exposure.
- Masks or face coverings is now a Government recommendation. All cast and crew should wear a mask or face covering whenever practicable.
- Workers arriving at the office or post-production facility must wash/sanitise their hands upon arrival and prior to touching any surfaces.

- A strict personal hygiene & hand washing/sanitising regime must be observed in line with the ScreenSafe guidelines.
- Personal work stations to be cleaned/sanitised each day.
- PPE (gloves and masks) should be available.

Work Space Hygiene & Office protocols

- Hand sanitising stations should be readily available at the office/post-production facility.
- Consider workspace layout, avoid face to face desks, and space desks 2 meters apart where possible. Engineered barriers are necessary where this separation is not practicable.
- Laptop/screen/equipment cleaning products should be readily available in the office.
- Office equipment to be used only by one person as much as possible (i.e. laptops, printers, scanners, stationery, etc.).
- Common work surfaces in production offices to be cleaned regularly (i.e. door handles, shared photocopiers, taps, light switches, etc.).
- Regular cleaning of computer terminals and phones.
- A cleaning record should be kept.
- Sanitise surfaces & mop floors at the end of each day where required.
- PPE (gloves, masks) to be available.
- Rooms should be well ventilated / windows opened to allow fresh air circulation.
- Air conditioning should be run on fresh air setting, not on recirculate.
- Stairs should be used in preference to lifts.
- No visitors to site. Only workers involved in the project to enter any locations or work sites.
- Designate a specific delivery spot for each site. Unless impracticable, all deliveries should be to the gate/door of the site only.

Kitchen & Catering

- Stagger lunch where possible and apply physical distancing measures.
- No open snacks, fruit or shared food. Consider lunch box style lunches to be prepared. Where appropriate, consider a subsidy for workers who are required to bring own lunch.
- All communal cutlery & crockery must be sterilised in dishwasher.
- Communal kitchen items to be sanitised before & after use.
- Compostable cutlery & crockery to be used if sterilisation is not possible.

Toilets and Showers

- Physical distancing rules apply to the use of shared facilities, including toilets and shower.
- Sanitising stations on location available outside of communal facilities (i.e. toilets or portaloos).
- If numbers require then add additional toilet facilities, i.e. portaloos
- Hygiene posters and signage should be clearly visible in shared spaces like kitchens, toilets, entrances and exits, etc.

Interaction with Other Departments, External Vendors and Suppliers

- Post-Production crew to keep within their own bubble as far as reasonably practicable.
- Interactions with other crew, cast and public must be as per physical distancing protocols.
- As far as practicable, a paperless production should be the goal. I.e. no handing out of physical paperwork unless essential.
- Where practicable, Post-Production to have a nominated inter-departmental liaison worker to limit contact between departmental bubbles.
- Post-Production Crew to keep a daily log of their interactions with external vendors/suppliers.
- All departmental signatures for Health and Safety or Site Registers to be collected digitally. Or if not possible, to be noted down by a designated worker.

Meetings

- Post-Production / inter-departmental meetings to be remote or on digital platforms as far as practicable. Or hold meetings in open areas wherever possible.
- PPE should be available for essential inter-departmental meetings.
- Physical distancing to be maintained on essential inter-departmental meetings and work (i.e. screenings, pre-production meetings, etc.). Face masks (or coverings) is recommended and should be available.

Approval Sessions

- Post-Production approval sessions can sometimes be attended by multiple people. It is vital that numbers are kept low and that anyone who can reasonably attend remotely do so. Take into consideration the size of the space and time required to be spent in the room. Regular breaks and open doors/windows should be considered.
- Air conditioning should be run on fresh air setting, not on recirculate.
- Explore the ability of the digital artist to operate remotely.

Travel

- Ride-sharing is not recommended, but is possible if physical distancing is maintained. A face mask or covering is also recommended.
- No recycling air, clean air fan inlet only, open windows where possible.
- Crew who travel together should always be part of the same work bubble.
- A passenger log must be kept for shared vehicles.
- Shared vehicles should not be used outside work

Set Protocol

- Sets should be treated as closed sets, with essential crew on set only.
- AD's, Location and H&S Departments to monitor numbers on set as well as entry/exit points.
- For enclosed shooting sets, please ensure regular aeration, open windows when possible. It is recommend that crew are allowed time during the day to get fresh air.
- When working on location, please follow all 1st AD and H&S Officer guidelines. If not required on set, please wait at unit/tech base until required.

Site Installations

- For site installations, i.e. public exhibitions, etc. please keep crew numbers to a limit and follow all PPE and hygiene guidelines provided by the location owner.
- For public spaces, please make sure appropriate council approvals have been given.

Equipment

- Personal kits should be cleaned at the end of each day.
- Tools and other shared equipment must be regularly cleaned/sanitised
- Distribution of communal equipment (i.e. radios) and/or paperwork to be done via a separate distribution desk on location, with sanitising equipment available prior to pick up.
- Drop off or replacement of radios/batteries/accessories to be in a separate designated area isolated from clean radios. This equipment MUST be sanitised before reuse and distribution.
- Special attention should be paid to cleaning/sanitising of microphones (in audio both) and other equipment that will be in close contact with cast.

Cast

- Covid-19 information to be distributed to cast prior to their arrival at a post-production facility.
- All cast must fill in a Covid-19 Declaration prior to work
- Face masks and PPE shall be made available to all cast.
- Cast should wear a face mask or face covering whenever practicable.
- All cast to wash/sanitise hands on arrival at location/studio or post-production facility.
- Whenever possible, a specific cast area must be set up with physical distancing observed.
