

TRANSPORT DEPARTMENT COVID-19 GUIDELINES

LEVEL 3

Wednesday, 19 August 2020

General Covid-19 Guidelines for ALL CREW to follow:

Before you work:

- All crew **MUST** fill in a Covid-19 Self Declaration.
- If you, or someone you live with or have close contact with, become unwell, you must notify production immediately and **do not come to work**.
- If you or someone you are in regular close contact have a serious health condition or compromised immunity, please consider this before accepting work.
- Maintain vigilant hygiene practices also away from work. And whenever practicable, please follow Government physical distancing guidelines.

Sanitation is key:

- Wash/sanitise your hands regularly, particularly when entering or exiting a work site
- Cough or sneeze into your elbow
- Make sure you have (or are given access to) all necessary PPE and hand/equipment/workspace sanitisers or cleaning products.
- **Masks (or face coverings) is now a Government recommendation. All crew are strongly encouraged to wear a mask (or face covering) at Level 3.**
- Do NOT touch other department's equipment.
- Gear and props must be sanitised before and after hire. And ideally at the end of each shoot day.
- Vigilant work site, office and location cleaning is key. There are no guidelines or certification for this, but you **MUST** ensure that cleaning is done to a high professional standard.

Contact Tracing:

- **All NZ businesses are now required to use the Government Tracer App (or a similar digital sign-in system). Every work site, office or location will need to have this ability.**
- Make sure you adhere to the production's strict sign-in/sign-out procedures
- Keep a note of who you see and where you go outside of work

Physical distancing:

- At Level 3, only crew who are critical to production should attend a shoot or work gathering. Work from home if at all possible.
- Identify YOUR work bubble. Limit any interactions between other departments, suppliers or other work bubbles.
- Consider split shifts and/or creating separated work-zones for each bubble

BE KIND! LOOK AFTER EACH OTHER!

Controlled, Uncontrolled or Close Proximity Environment under Level 3:

- In a **Controlled Environment** (*available hand sanitiser/PPE, and cleaning protocols, crew health screening and contact tracing procedures in place*) the minimum separation is 1 metre between people so far as reasonably practicable.
- In an **Uncontrolled Environment** (*public spaces and shops, etc.*) the minimum separation is 2 metre between people so far as reasonably practicable.
- **A Close Proximity Environment (less than 1 meter)** is NOT possible in Level 3.

Talent & Close Proximity Bubbles:

- Please consider the number and type of talent before committing to production.
- 1m physical distancing is required for all scripted action.
- **There is no allowance for close proximity bubbles, so talent must be able to dress themselves, do their own make up and put on radio mics (under the guidance of film professionals if required).**
- **There is no allowance for extras at Level 3.**

Catering & Unit:

- No self-serve catering or unit at Level 3.
- Pre-packaged food only. Or contactless buffet (catering staff serving up).
- Unit should be “café-style”. Or individual snack packages can be prepared and handed out.

Location and Studio Work:

- There are no restrictions on the amount of people on a work site, but physical space and ventilation vs. number of people on site must be considered, particularly for interior locations. (Exposure to the virus over time is a key factor for virus transmission.)
- At Level 3, exterior or studio work is preferred as it's a more controllable environment.
- Interior shooting, particularly in private residences, will be difficult, if not impossible at Level 3.
- Filming in public places, like public parks, will be possible, but there will probably be restrictions to what councils will allow. Please talk to your local council well ahead of time.
- Every production **MUST** register with ScreenSafe and have site specific Level 3 Covid-19 plans in place. (*Note: councils will not issue filming permits without this*).

Crew and Cast Travel:

- Avoid ride sharing whenever possible.

Travel to/from Hot-Spots:

- You are only allowed to travel to or from a hot-spot if you are returning to your place of residence OR if you're an essential worker.
- Physical distancing and mask wearing is required for public transport and flights.

BE KIND! LOOK AFTER EACH OTHER!

Department Specific Guidance as of 19th August 2020

TRANSPORT DEPARTMENT - Level 3

Introduction to Department undertakings:

- Pre-Production tasks – remote
- Pre-Production tasks – in office or at location/studio
- Management/coordination of vehicles and transport team
- Liaison with other departments prior to and during production

Required Physical Distancing Requirements:

- The general rule of 2 metres apply at all times.
- If in a Controlled Environment, up to 1 metre physical distancing is allowed
- No close contact work (less than 1m) is permitted at Level 3.
- There are no provisions available for any worker to engage with members of the general public within 2 metres.

Contact Tracing:

- A Government Tracer App QR-code poster (or similar digital tracing system) must be displayed at all work sites.
- All crew must sign-in when arriving and out when departing the office and/or worksite
- Ideally this process needs to be contactless so you should consider using electronic systems if practicable.
- All entry and exit points should be controlled and monitored.
- All workers should keep a log of non-worksites locations (i.e. stores, etc.) and interactions (meeting suppliers, location owners, etc.) they have during working hours.
- All workers are recommended to keep note of their interactions outside of work hours (whilst on a job)
- All crew or approved site visitors must sign a Covid-19 Declaration before starting work or visiting a work site.

Department Bubbles

- Off Set Transport Department bubble (remote preparation).
- Off Set Transport Department bubble (production office preparation)
- On Set Transport Department bubble (Unit/Tech base only)

Department Specific Guidance

Transport crew should be aware of and trained to work under the specific alert level in operation prior to commencing work, including the correct use of PPE.

- Transport crew to work remotely as far as practicable.
- Transport / inter-departmental meetings to be remote as far as practicable.
- Physical production meetings to be carried out with physical distancing of at least 1 meter. If possible, particularly if in a confined space, a 10 person limit is recommended. All crew should wear a mask or face covering whenever practicable.
- Physical distancing of two metres wherever possible between work-stations in the office if work cannot be done remotely.
- Transport crew to be split into smaller work groups/bubbles where possible (i.e. prep vs. shoot crew or on-set vs. off-set crew).
- Liaise with Production and Health & Safety in regards to contact tracing, PPE and hand/workspace/equipment sanitiser requirements for your department.
- *For larger productions, a specific Transport Department Role may need to be created to document, administer and track all of the contact tracing, PPE and hand/workspace/equipment sanitiser requirements for your department.*
- *Transport Department crew charged with collecting and sorting Crew Declarations and other personal data should be adequately briefed on the Privacy Act and the need for confidentiality and secure storage of such info.*
- Consider specific production requirements in regards to crewing in order to ensure physical distancing and sanitation of vehicles.
- On set and off set bubbles to be maintained wherever practicable.

Personal Hygiene Requirements and Measures

- Any worker who feels unwell must not come to work, if unwell at work they must go home.
- If a worker displays any of the symptoms of COVID 19, please call Healthline immediately (0800 358 5453) or your doctor. Production and the Health & Safety Departments must also be notified. And all close contact workers to be identified.
- If a person or persons are confirmed or probable cases of COVID 19, site closure(s) should be considered. This decision should be made on the advice of a public health officials based on information on the extent of the exposure.
- Masks or face coverings is now a Government recommendation. All cast and crew should wear a mask or face covering whenever practicable.
- Workers arriving at the Production Office must wash/sanitise their hands upon arrival and prior to touching any surfaces.
- A strict personal hygiene & hand washing/sanitising regime must be observed in line with the ScreenSafe and Ministry of Health guidelines.
- Personal work stations to be cleaned/sanitised each day.
- In accordance with Ministry of Health guidelines, PPE (gloves and masks) should be available.

Work Space Hygiene

On and off set

- Hand sanitising stations should be readily available at production office/location/worksite.
- PPE (gloves, masks) to be available.
- Laptop/screen/equipment cleaning products should be readily available at production office/location/worksite.
- Consider workspace layout, avoid face to face desks, and space desks 2 meters apart where possible. Engineered barriers are necessary where this separation is not practicable.
- Office equipment to be used only by one person as much as possible (i.e. laptops, printers, scanners, stationery, etc.).
- Common work surfaces in production office or AD van to be cleaned regularly (i.e. door handles, shared photocopiers, taps, light switches, etc.).
- Regular cleaning of computer terminals and phones.
- Regular aeration of office spaces and vehicles, open windows when possible. Avoid recycling air.
- Air conditioning should be run on fresh air setting, not on recirculate.
- Sanitise surfaces & mop floors at the end of each day where required.
- Sanitising stations on location available outside of communal facilities (i.e. portaloos).
- Stairs should be used in preference to lifts.
- No visitors to site. Only workers involved in the project to enter any locations or work sites.

Kitchen & Catering

- Stagger lunch where possible and apply physical distancing measures.
- No open snacks, fruit, shared food. Consider lunch box style lunches to be prepared. Where appropriate, consider a subsidy for workers who are required to bring own lunch.
- All communal cutlery & crockery must be sterilised in dishwasher.
- Communal kitchen items to be sanitised before & after use.
- Compostable cutlery & crockery to be used if sterilisation is not possible.

Toilets, Showers & Drying Rooms

- Physical distancing rules apply to the use of shared facilities, including toilets, shower and drying rooms.
- Sanitising stations on location available outside of communal facilities (i.e. portaloos).
- If numbers require then add additional toilet facilities, i.e. portaloos
- Hygiene posters and signage should be clearly visible in shared spaces like kitchens, toilets, entrances and exits, etc.

Interaction with Other Departments, Suppliers, Cast & Extras

Meetings

- Transport or inter-departmental meetings to be remote or on digital platforms as far as practicable. Or hold meetings in open areas wherever possible.

- PPE should be available for essential inter-departmental meetings for those who wish to use it.
- Physical distancing to be maintained on essential inter-departmental meetings and work (i.e. pre-production meetings, tech recces, etc.). All crew should wear a mask or face covering whenever practicable.
- Main Unit, 2nd Unit and Splinter Unit to be treated as completely different units with limited physical interactions.
- Reduce physical interaction with other departments as far as reasonably practicable.
- Interactions with other crew, cast and public must be as per physical distancing protocols.

Travel

- No communal travel. Where this is not possible, a mask or face covering should be worn and physical distancing must be adhered to and vehicles should be cleaned prior to and after used.
- Routines for shuttle vehicles must be established with reduced seat number allocated per vehicle, i.e. only 1 crew member per row or as appropriate to the size of the vehicle to achieve at least 1m physical distancing.
- Driver isolation screens (Perspex, etc.) between shuttle driver and passengers should be considered.
- If possible, automatic rear/passenger doors is recommended for shuttle vans to avoid unnecessary touching.
- No recycling air, clean air fan inlet only, open windows where possible.
- Crew who travel together should always be part of the same work bubble.
- A passenger log must be kept for shared vehicles.
- Shared vehicles should not be used outside work
- Cast drivers to keep separate to crew or extras shuttle drivers.
- Cast drivers should not be required to do other duties and should discuss all appropriate ways to reduce their work, family and social interactions while on a production.
- If required, cast driver inclusion in more permanent Close Environment Bubbles should follow appropriate guidelines (see section below on Close Proximity Bubbles).

Vehicle Pickup & Drop Off

- Vehicles should be cleaned and sanitised (by vehicle vendor or transport department) prior to pickup.
- Make sure all 3rd Party suppliers have appropriate Covid-19 guidelines in place, including but not limited to sanitation, contact tracing and physical distancing. If concerned or uncertain, please discuss with Production.
- Vehicles must be cleaned/sanitised regularly during the work day and always at the end of each day, paying special attention to large surfaces (wind-screen, dashboard, etc.) and door handles.
- Vehicles should be cleaned/sanitised in between drivers. No last minute "I'll just grab your car, I'll bring it back in 5".
- Vehicles should be returned empty of personal items and rubbish and ideally refuelled to avoid double-handling.

Unit Base

- Only one assigned Transport department member to access inside unit base trucks for servicing or other issues inside cast trailers, costume/make up trucks, etc.
- Regular cleaning protocols should be established for unit base vehicles per discussion with other departments.

Set Protocol

- Sets should be treated as closed sets, with essential crew on set only.
- Transport crew should report to unit/tech base only and avoid contact with shooting set unless specifically instructed to do so (i.e. pick up lead actor, etc.)

Swing Drivers

- Swing drivers may be required at the end of each day. Please consult with Production and other departments about requirements.
- For regular swings: cabs should remain locked while on site, with only the designated swing driver having access to the cab.
- Avoid casual swing drivers as much as possible, ideally have a regular team working together. Larger productions may want to secure a regular crew of swing drivers, please discuss with production.
- All swing drivers to follow strict production Covid-19 guidelines, including but not limited to: sanitation, physical distancing, contact tracing and signing of Crew Declaration Forms.
- Crew members should ideally not share a cab with their swing driver, but if this is unavoidable, a mask or face covering should be worn and physical distancing must be adhered to. Vehicles should be cleaned prior to and after used.

Equipment

- Hands to be washed/sanitised prior to and after handling radios, batteries, earpieces.
- Distribution of communal equipment (i.e. radios) and/or paperwork to be done via a separate distribution desk at unit base, with sanitising equipment available prior to pick up.
- Drop off or replacement of radios/batteries/accessories to be in a separate designated area isolated from clean radios. This equipment MUST be sanitised before reuse and distribution.
- No reuse of headsets/mics. New crew member, new headset/mic.
- Radios used whilst shooting (used in vehicles) should be returned to the AD van and sanitised prior to reuse.
- Personal kits should be cleaned at the end of each day.
- Tools and other shared equipment must be regularly cleaned/sanitised

Call Sheets and Sides

- As far as practicable, a paperless production should be the goal. I.e. no handing out of physical paperwork unless essential.
- Digital call sheets and paperwork should be used whenever practicable. If not, named paper sides, call sheets, etc. to be distributed by a designated AD or Production person, i.e. no piles of sides/call sheets to search through.

Cast

- Covid-19 information to be distributed to cast prior to their arrival on set.
- All cast must fill in a Covid-19 Declaration prior to work

- Consider number of cast and their health (elderly, etc.) and the ability for physical distancing both on and off-set before commencing production.
- Face masks and PPE shall be made available to all cast.
- Cast should wear a face mask or face covering whenever practicable.
- All cast to wash/sanitise hands on arrival at location/studio
- A Covid-19 induction and health check on arrival by safety officer
- Whenever possible, a specific cast area must be set up with physical distancing observed.
- Whenever possible, one AD should be assigned to key cast and another AD assigned to extras/additional cast.
- Personal bags or items should be left in the cast/costume/make up area, not in shuttle or cast vehicles.
- Each cast member may want a water proof wet bags for their personal items to travel to set. Only 3rd AD or cast to carry this, and only cast member is to put things in & take things out.
- No phones on set, no one else to handle cast personal belongings.
- Disposable Cast water bottles are recommended. Cast to handle their own food – no double handling.
- ADs to sign in/out cast at the start and end of the working day. Contactless is preferred so you should consider using electronic systems if practicable.

Close Proximity Bubbles

- There is no allowance for Close Proximity work or scripted action (less than 1m) at Level 3.

Extras

- There is no allowance for extras work or crowd scenes at Level 3.

Scheduling

- Ensure that the shoot schedule reflects additional time required to facilitate required physical distancing guidelines.
- Ensure the shoot schedule reflects fatigue levels and the wellness of crew.
- Consider staggered calls and rolling lunches to maintain appropriate physical distancing.
- Appropriate time must be allocated for a thorough H&S/Covid-19 site induction at the start of the day and at each location.
- Crew may need additional time for gear cleaning/sanitising between locations moves and at the end of the day, so you may need to allow time for this.
