

COVID-19 TRAFFIC LIGHT SYSTEM SCREEN INDUSTRY QUICK GUIDE

May 2022

Before you work:

All crew **MUST** fill in a COVID-19 Health Declaration.
If you have any COVID-19 symptoms, **do not come to work**. Please get tested.

The Traffic Light System

Each production **MUST** choose if they want to operate with or without vaccination passports. Attached you will find a quick guide to working within each system.

Please make sure the production clearly communicates which system they want to operate under and what the COVID-19 safety guidelines are for cast and crew and other contractors.

Vaccination Passport Jobs

For productions using vaccination passports there are no restrictions on numbers on a worksite. Close Proximity work (make up, stunts, actor interaction, etc.) can happen at all Traffic Light settings, although with increasing risk minimisation tools (PPE, hygiene measures, testing, etc.) in place when moving to the higher traffic light settings.

Non-Vaccination Passport Jobs

Productions choosing NOT to enforce a vaccination passport system may have limits on numbers on site, and some locations may not be available to those productions. Close Proximity work is only allowed in the green setting.

Your Vaccination Passport

Your vaccination passport, or [My Vaccine Pass](#) as it is officially called, is an official record of your COVID-19 vaccination status for use in Aotearoa New Zealand.

The vaccination passport is stored on your phone, or you may choose to print it out and carry a paper copy with you. You will need this to enter any worksite or business (like a cafe, restaurant, hairdressers, etc.) that has chosen to use vaccination passports.

Please note: The pass will expire after 6 months, around the time you are due for a booster shot. It is each worker's responsibility to keep their vaccination passport current, and it might be a requirement of your contract.

The NZ Pass Verifier App

[NZ Pass Verifier](#) is the official Ministry of Health phone app that production will use to verify if someone is fully vaccinated (or has a medical exemption).

Note: It is not the intention that every person must be scanned in every day at every work site, but all workers must be verified at least once before starting work on a production, whether it's at the production office, on a tech recce, at a costume fitting or on their first day on set.

QUICK GUIDE TO THE TRAFFIC LIGHT LEVELS

	RED	ORANGE	GREEN
Expected productions	All scale productions, provided they can work with minimum 1m physical distancing requirements and strict guidelines in regards to Close Proximity work.	All scale productions, provided they can work with a recommended 1m physical distancing requirement and appropriate guidelines in regards to Close Proximity work.	No restrictions on production.
Crew	Crew to work from home where possible. Day players, casuals and extras need stringent screening.	Production should facilitate crew working from home if appropriate.	No restrictions.
